

ShopSphere Shipping Policy

Effective Date: January 1, 2026

Last Updated: January 1, 2026

1. Introduction

Welcome to ShopSphere. This Shipping Policy explains how orders are processed, packed, dispatched, transported, tracked, and delivered. By placing an order, customers agree to this policy together with the Terms and Conditions, Return Policy, and Refund Policy. ShopSphere partners with reliable logistics providers to deliver products across India. Delivery timelines shown on the website are estimates and may vary because of operational constraints, weather, holidays, regulatory actions, or other circumstances beyond our reasonable control.

2. Order Processing

Orders are processed after successful payment authorization or confirmation of Cash on Delivery eligibility. Processing includes inventory verification, fraud screening, quality inspection, packaging, invoice generation, and handover to the courier. Orders received before 2:00 PM IST on business days are generally processed the same day, while orders received later or on holidays are processed on the next business day. Certain products, including customized or seller-fulfilled items, may require additional preparation time.

3. Shipping Methods

ShopSphere offers Standard Shipping, Express Shipping, and limited Same-Day or Next-Day Delivery where available. Delivery estimates depend on destination, courier availability, and product type. Shipping options and applicable charges are displayed during checkout.

4. Shipping Charges

Shipping charges are calculated based on order value, weight, dimensions, destination, and selected delivery service. Promotional free-shipping offers may apply to eligible orders and are subject to campaign terms. Any applicable shipping fee is shown before payment confirmation.

5. Tracking

After dispatch, customers receive an email and SMS containing the tracking number and courier information. Tracking updates may take up to twenty-four hours to appear. Customers can also monitor shipment status from the My Orders section of their ShopSphere account.

6. Delivery

Courier partners generally make up to three delivery attempts. Customers should ensure that someone is available to receive the shipment. A valid government-issued identification may be requested for high-value orders. If all delivery attempts fail because of incorrect address details, recipient unavailability, or refusal to accept the package without a valid reason, the shipment may be returned to the seller.

7. Delays, Lost and Damaged Shipments

Although ShopSphere strives to meet estimated delivery dates, delays may occur because of weather, transportation disruptions, public holidays, security checks, or force majeure events. If a shipment is confirmed lost by the logistics partner after investigation, ShopSphere will arrange a replacement or refund where applicable. Customers receiving visibly damaged packages should report the issue within forty-eight hours and provide photographs to assist the investigation.

8. Customer Responsibilities

Customers are responsible for providing accurate delivery details, monitoring shipment notifications, and inspecting products upon delivery. Any discrepancy, including missing items or damaged products, should be reported promptly through the customer support portal.

9. Limitation of Liability

ShopSphere shall not be liable for delays caused by inaccurate customer information, natural disasters, government actions, strikes, or events beyond its reasonable control. Liability, where applicable, shall be limited to the value of the affected order in accordance with applicable law.

10. Contact

Questions regarding shipping may be submitted through the ShopSphere Help Center or by contacting Customer Support using the contact details available on the official website. ShopSphere reserves the right to amend this Shipping Policy at any time, with updated versions published on the platform.
